

PROGRAMME

DATE -25-02-2022, SUNRISE 6:17AM AND SUNSET 5:49PM

TIME		VENUE
6:30/7:00 -8:00AM	YOGA/GANGA DARSAN	GYAN BHAVAN
8:30AM - 12:30PM	WORKSHOP - CADAVERIC	IGIMS, DEPT. OF ANATOMY 1
	LIVE MISS	PARAS/PVT. HOSPITAL 2
12:30 2:00PM	LUNCH	PLACE OF PROGRAM/GYAN BHAVAN

TRANSFER TO VENUE (GYAN BHAVAN)

TIMING	HALL -A	HALL-B 3	HALL-C
2.00-3.00PM 8MIN x7	Symposium: Current trends in management of spinal tuberculosis	Joint Session of ASSI WITH SRS Early onset spinal deformity Case based panel discussion (40 mins) Lecture (12 mins) Discussion (3 mins)	SURGICAL VIDEOS 15min X 4
	empirical AKT ?		
	How to improve outcomes of vertebral biopsy?		
	Nonoperative treatment of spinal tuberculosis: When and what ?		
	How to determine endpoint of antitubercular treatment ?		
	Surgery for thoracic tuberculosis- When and what ?		
	Multidrug resistant tuberculosis: A medical or a surgical disease ?		
	Q & A and Concluding remarks		

3.00pm- 3.30pm **Coffee Break**

3:30- 4:30PM 8MIN x7	Symposium: Osteoporotic vertebral fractures	Adolescent spinal deformity Case based panel discussion (40 mins) Lecture (12 mins) Discussion (3 mins)	Free Paper session 3 (4 mins + 2 mins X 9)
	Systematic approach to a patient with an OVF		
	Natural history of OVF		
	Rational nonoperative Rx of OVFs		
	Percutaneous cement augmentation: When, what and when not ?		
	Surgery for OVF: When and what?		
	Optimizing bone fixation in patients with osteoporosis		
	Q & A and Concluding remarks		

	ASSI Focus Symposium: Degenerative Low Back Pain	Adult Spinal deformity Case based panel discussion (40 mins) Lecture (12 mins) Discussion (3 mins)
	Biology & Biomechanics of the Kirkaldy Willis Degenerative Cascade	
	LBP: Where is it coming from ?- Clinical Evaluation	
	LBP: Where is it coming from?- The Yellow Flags	
	LBP: Where is it coming from ?- Radiological evaluation	
	Q & A	
	Acute Low back pain: Does identifying the pain generator really matter !!	

4:30- 6:30PM 6min X 15	Approach to patients with Chronic low back pain	Managing Complications in spinal deformity correction 4 lectures - 12 mins each Discussion (20 mins)	SURGICAL VIDEOS
	Sitting ergonomics and their impact on low back pain		
	Physical therapy approaches in the treatment of low back pain: Which is the best ?		
	Q & A		
	Percutaneous procedures for mechanical back pain: Do they make a difference ?		
	Surgery for degenerative low back pain: When, if ever ?		
	Short term & Long term outcomes of spinal fusion for degenerative LBP		
	Non fusion technology: Has it improved surgical outcomes for deg LBP ??		
	Q & A		

6:30PM	INAUGURATION
--------	--------------

8:00PM	DINNER
--------	--------

DATE -26-02-2022 SUNRISE 6:17AM AND SUNSET 5:49PM	
--	--

TIME	VENUE
-------------	--------------

6:30/7:00 -8:00AM	YOGA/GANGA DARSHAN	GYAN BHAVAN
-------------------	--------------------	-------------

	HALL -A	
--	----------------	--

8:00- 9:30AM	BREAKFAST SESSION	PMR/EXERCISES FOR SPINE - ORTHOTICS FOR SPINE - INDUSTRY SPONSOR	GYAN BHAVAN
--------------	-------------------	---	-------------

	HALL-B	HALL-C
--	---------------	---------------

9:30 - 10:15AM (12 +3) Minx3	GUEST LECTURES		Guest Guest
	Guest Lecture 1: Cervical Disc Replacement in 2021: What do we know and what don't we ? Lecture 2: Neurological Manifestations of COVID 19 Lecture 3: How do deal with Surgical Complications: To err is human		

10:15 - 11:00AM	ASSI RESEASCH PAPER
-----------------	---------------------

11:00-11:30AM	PRESIDENTIAL GUEST LECTURE
---------------	----------------------------

11:30 - 12:00PM	PRESIDENTIAL ORATION
-----------------	----------------------

12:00- 12:45PM	SPEECH/ORATION
----------------	-----------------------

12:45-1:45PM	VTI GOLD MEDAL PAPER
--------------	----------------------

1:45-2:30PM	LUNCH
-------------	-------

2:30 - 3:30PM 8Min x7	Symposium: Lateral/ Oblique lumbar interbody fusion	Symposium: The Craniocervical junction	FREE PAPER/ SURGICAL VIDEOS 6Min x 9
	LLIF/ OLIF- Applications, Biomechanics & Contraindications	Surgical anatomy of the Anterior aspect of the O-C1-C2	
	Surgical anatomy relevant to the lateral approach to the lumbar	Video: High Anterior Cervical approach to C1- C2	
	Planning the surgical incision for single & multilevel LLIF	Wang`s anterior release for fixed C1/ C2 dislocations: Indications & Technique	
	Lect + Video: Docking the tube- establishing a safe working portal	Anterior C1/ C2 Fusion: Tips & Tricks	
	Discectomy/ Corpectomy & Cage insertion- Tips & Tricks	Anterior reconstruction following an odontoidectomy for C2 tumor: Options & Technique	
	Complications of LLIF: Prevention & Management	Anterior plating to the Clivus: When and How	

	Q & A	Q & A and Concluding remarks			
3:30 -4:30PM 8Min x7	Symposium: Paediatric spinal tumors: Interactive case based panel discussion	Symposium: Complications in Lumbar Spine Surgery	Complication of MISS with tubular Retractors FREE PAPER/ SURGICAL VIDEOS 6min x 9		
		Intraoperative dural tear: What next ?			
		Salvaging a misplaced pedicle screw			
		Cage backout following PLIF/ TLIF: Prevention & Management			
		Approach to a patient with persistent leg pain following lumbar discectomy			
		Postoperative lumbar discitis: Beware !!			
		Intraoperative bleeding- Prevention & management			
		Q & A and Concluding remarks			
4:30 - 5:20PM		Spinal Cord Injury Session - Dr.H.S.Chhabra Recent advances in a spinal cord injury management Recent advances in bladder management Insuring mobility in quadriplegics/paraplegics		FREE PAPER 6Min x 8	
5:30 - 7:30PM		GENERAL BODY MEETING			
8:00PM	BANQUET				
DATE -27-02-2022 SUNRISE 6:17AM AND SUNSET 5:49PM					
TIME			VENUE		
6:30/7:00 -8:00AM	YOGA/GANGA DARSHAN		GYAN BHAVAN		
	HALL -A				
8:00- 9:30AM	BREAKFAST SESSION	COMPANY SPONSORS /MIDAS REX.	GYAN BHAVAN		
	HALL-B		HALL-C		
9:30 - 10:30AM 8Min x 7	Symposium: Neurological complications in spine surgery	Symposium : Spinal Instability	FREE PAPER/ SURGICAL VIDEOS		
	Neurological complications in spine surgery: Are they under-reported ?				
	Foot drop immediately following lumbar decompression and instrumented fusion: What next ?				
	Postoperative neurological worsening following laminectomy for cervical OPLL: What do do now ?				
	Intraoperative drop in neuromonitoring signals during scoliosis correction: What should I do next ?				
	Current trends in neuromonitoring				
	Consenting & Counselling patients at high risk for neurological deterioration OR Intraoperative steps to limit the risk of developing postoperative neurological deficit				
10:30 - 11:30AM	Foreign Faculty : Online			Symposium/Lecture	
11:30 - 12:30PM 8MIN x7	Symposium: Day school in Musculoskeletal Radiology	Symposium: Thoracolumbar fractures	RAPID FIRE/FREE PAPER		
	Solitary vertebral collapse- benign or sinister !!	Thoracolumbar fractures- a systematic approach to spinal imaging			
	PET-CT or MRI for determining endpoint of treatment in infective spondylodiscitis	A simple treatment based classification system for Thoracolumbar fractures that guides decision making for the general orthopaedic surgeon			
	Understanding MRI sequences beyond T1- T2	Nonoperative Rx of thoracolumbar fractures- When and what?			

	Functional MRI- utility and applications	Neural Decompression- when and how?
	qCT or DEXA scans- which is better for assessing osteoporosis?	Spinal Stabilization- Short or long?
	Monitoring antiosteoporotic therapy- Bone turnover markers/ DEXA/ Clinical ??	Anterior column reconstruction- why, when and what ?
	Q & A and Concluding remarks	Q & A and Concluding remarks
12:30 - 1:00PM	VALEDICTORY FUNCTION	
1:00PM	LUNCH
